

Dog waste bin h140_317

Galvanized steel dog waste bin with spring-loaded door, removable drawer and lock. 27x35x130 cm. Three colors available.

Specialized container for the **separate collection of dog waste** in public and communal spaces. Designed with a **modern aesthetic** to visually integrate into parks, municipal gardens, and courtyards, while maintaining functionality and hygiene. Made of **galvanized steel** with an anti-corrosive cycle painted finish to ensure **long-lasting protection against atmospheric agents**.

The collection system combines ease of use and odor control: the **upper door with spring closure** prevents the dispersion of unpleasant odors during waste disposal. In the upper part, there is a **removable drawer for collection kits**, easily removable for emptying and equipped with a **universal key lock** to prevent unauthorized access. The base is equipped with **floor fixing holes** for stable installation.
