

## Dog waste collection bin h287\_179

Galvanized steel dog waste bin, 32 lt, with integrated bag dispenser and protective lid. Height 170 cm, installation on sidewalks and parks.

Bin specifically designed for **dog waste collection** in public and urban contexts. The structure combines practical functionality and durability, solving the need to maintain hygiene and decorum in shared spaces such as sidewalks, public parks, and avenues. It is equipped with a **galvanized steel container and support post**, materials chosen to ensure resistance to atmospheric agents and corrosion typical of outdoor environments.

The product includes a **lid** that protects the contents from moisture and rain, reducing odors and ensuring hygiene. The **integrated bag dispenser** is positioned at the top of the support post and is accessible from the front using the provided triangular key, facilitating refilling and use by citizens. The **hardware is entirely made of stainless steel**, ensuring resistance to corrosion and durability over time.

## Technical features

- Overall dimensions: L30 x D41 x H170 cm (useful height 150 cm)
- Bin dimensions: Ø30 x H45 cm
- Bag dispenser dimensions: L25 x D5 x H30 cm
- Capacity: 32 liters
- Structure material: galvanized steel
- Color: red
- Fixing: on a 20 cm post to be buried
- Hardware: stainless steel
- Bags: not included

# Optionals

- Customized sticker with image to be applied to the container

*Image purely indicative*

## INFORMATION

- **Tipologia** DogStation
- **Fixing** a terra
- **Width in millimeters** 300.000000
- **Depth in millimeters** 410.000000
- **Height in millimeters** 1700.000000
