

Dog waste collection container 60L h86_132

Dog waste collection container 60 liters, Corten metal, 200-bag dispenser, floor anchoring.

Dog waste collection container designed to keep urban areas and public places clean, with particular focus on respect for the community and street hygiene. Designed for fixed installation in common spaces, it performs an essential function in the hygienic management of animal waste in high pedestrian traffic contexts.

The structure is made of **durable metal with Corten effect** and subjected to **anti-corrosion treatment** , guaranteeing durability even in environments exposed to the elements. The restricted opening limits the introduction of bulky objects, facilitating intuitive and safe use. The **dispenser closing system works without a key** , making bag distribution immediate and accessible.

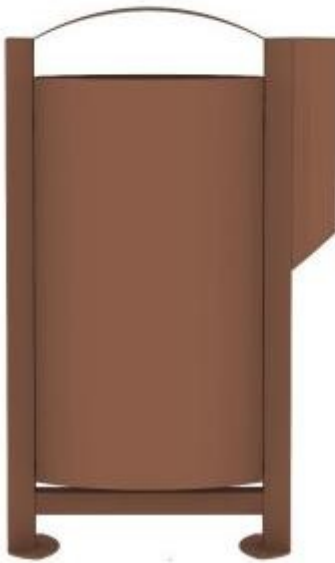

Technical features

- **Container capacity:** 60 liters
- **Material:** metal
- **Finish:** Corten effect with anti-corrosion treatment
- **Dimensions:** W. 611 × D. 272 × H. 1015 mm
- **Weight:** 19.7 kg
