

## Dog waste dispenser h223\_08

Pole-mounted dog waste dispenser, galvanized steel 31.5×10.5×51 cm, triangular lock, universal mounting included.

The **h223\_08 dog waste dispenser** is designed to facilitate the collection and disposal of dog waste in public spaces such as parks, gardens, and urban areas. Made of **hot-dip galvanized steel** compliant with **DIN EN ISO 1461** and finished with **powder coating**, the product offers excellent protection against corrosion and weather conditions, extending durability even in difficult climatic conditions.

The compact dimensions of approximately **W 31.5 x D 10.5 x H 51 cm** allow installation without sacrificing capacity and functionality. It is specifically designed for **pole mounting**, ideal for spaces with space constraints where ground-mounted containers are not practical. The mounting system includes a **300 mm universal rail** and a complete set of fixing material (hex head screws, self-locking nuts, washers), ensuring stable and secure installation.

The **front flap** is protected by a **triangular lock** to prevent unauthorized access. This swivel flap opens forward, facilitating bag refilling and simplifying maintenance for operators. The **integrated dispenser** promotes civic sense among dog owners, allowing easy access to collection bags. The **simple and intuitive handling** ensures practical use for both users and maintenance personnel.

## Technical features

- **Material:** Hot-dip galvanized and powder-coated steel
- **Regulatory compliance:** DIN EN ISO 1461
- **Dimensions:** Approximately W 31.5 x D 10.5 x H 51 cm
- **Mounting system:** Pole-mounted via universal rail (height 300 mm)
- **Closure:** Front flap with triangular system
- **Accessories included:** Metal triangular key, signaling sticker, universal rail, screws, self-locking nuts, washers
- **Available finishes:** Various colors
