

## Dog waste dispenser h223\_09

Dog waste dispenser in hot-dip galvanized steel, pole mounting, dimensions W30xD6.5xH40 cm, triangular lock, compliant with DIN EN ISO 1461.

The **dog waste dispenser h223\_09** is an efficient solution for keeping public areas clean and tidy. Designed for parks, gardens, streets, and urban spaces, the container is made of **hot-dip galvanized steel** according to **DIN EN ISO 1461** and powder-coated to ensure advanced protection against corrosion and weathering.

The dispenser is intended for **pole mounting** and is supplied with a **300 mm universal rail** and a complete mounting kit (2 M8x15 hex head screws, 2 M8 self-locking nuts, 2 M8 washers). The **pivoting front flap** features a **triangular lock** that prevents unauthorized access and protects the bags inside, facilitating filling and maintenance operations.
