

Double bench for urban furniture h28767

Double bench for public spaces and urban furniture designed for ground anchoring. Dimensions: W.180 x D.76 x H.45 cm.

Double bench for urban furniture with a structure made of shaped sheet metal **using laser technology** ideal for furnishing outdoor spaces of stations, shopping centers, and schools. Double bench **complete with a seat made of round steel profiles** Ø 8 mm and terminal tubulars in galvanized steel Ø 40 mm. The galvanized steel parts first undergo a pre-treatment degreasing process of impurities through steam solutions, then dried and subjected to **painting operations using electrostatic guns** that cover the pieces with powder paint in a flouy state. Subsequently, the product is subjected to polymerization in an oven, that is, a process that allows the powder to solidify by baking at a temperature of 180°/200°C in a hot air circulation oven.

Technical features:

- Seat in round steel profiles
- Shaped sheet metal structure
- Color: anthracite gray
- Anchoring: supports designed to be bolted to the ground
- Hardware: stainless steel
- Dimensions: W.180 x D.76 x H.45 cm

The double bench for urban furniture is delivered in an assembly kit.
