

Double-handle crate trolley h122_105

Double-handle trolley in painted steel h112 cm. 200 kg load capacity and pneumatic wheels for safe handling on irregular surfaces.

The **Double-Handle Trolley h122_105** is a professional tool designed for the intensive handling of heavy and bulky loads. Thanks to its reinforced structure, it solves the critical issues related to the manual transport of crates, boxes, and luggage, reducing the operator's physical effort and improving logistical efficiency in warehouses, workshops, and commercial contexts.

Technical specifications

- **Type:** Manual double-handle trolley
- **Structure:** Robust oven-painted steel with epoxy powders (orange color)
- **Dimensions:** W 52 x D 49 x H 112 cm
- **Load capacity:** Maximum capacity 200 kg
- **Wheels:** High-grip pneumatic, size 25 x 8.5 cm
- **Handles:** Ergonomic handles with non-slip rubber coating
- **Resistance:** Anti-corrosion finish for long-lasting durability
- **Use:** Optimized for boxes, crates, luggage, and bulky materials
