

Double mini tower for playground h575_91

Double multi-play tower with climbing platform and two slides.

Double mini tower designed to meet the needs of nursery school children. The roof profile resembles a pumpkin in shape, which comes to life in the cute smiling balustrades, stimulating the child's imagination.

The complex consists of two towers, with platforms placed at two different heights (h 58 cm and h 90 cm), connected to each other by a rope passage. The structure is made with 90x90 mm aluminum poles, whose corners are rounded (r. 10 mm). It is equipped with an HDPE roof and balustrades (15 mm thick), and MDPE platforms with an embossed surface to ensure high slip resistance. **The tower** is equipped with an MDPE climbing platform with polyethylene stones, and two straight slides, one in steel (h 58 cm) and one in rotational polyethylene (h 90 cm).

Technical features:

- Structure material: aluminum
- Recommended age: 2-8 years
- Overall dimensions: 330x362xh.264 cm
- Safety area: 627x762 cm
- Max drop height: 90 cm
- Impact-absorbing surface: 37.7 sqm
- Max number of users: 3 +
