

Double-sided leaflet display stand 10 pockets h468_08

Self-supporting aluminum display with 10 transparent A4 format pockets. Ideal for offices, events and waiting rooms.

Dimensions: W. 30 x h. 160 cm.

The **h468_08 leaflet display stand** is the perfect solution for organizing and highlighting **leaflets, brochures and catalogs** in professional environments such as offices, travel agencies, waiting rooms and trade fairs. The **aluminum** structure, combined with the **30×30 cm painted metal square base**, guarantees **stability and durability** over time.

The **10 transparent methacrylate pockets**, in vertical A4 format, are distributed on both sides of the display (**5 per side**), to offer double the display capacity. The pockets are easily fixed to the structure's crossbeams, allowing for simple and quick arrangement of the information material.

The minimalist and **functional** design adapts to every context, making it a versatile solution for displaying your promotional materials with order and professionalism. Thanks to simple and fast assembly, the display is ready for use in a few minutes.

Buy the **h468_08 leaflet display stand** now and organize your information materials with style and practicality. **Contact us** for further details or **customized requests**!

FAQ:

1. **Are the pockets compatible with other formats besides A4?**
No, the pockets are designed specifically for the vertical A4 format, guaranteeing perfect stability of the information materials.
2. **Is assembly complicated?**
No, assembly is simple and requires only a few minutes thanks to the interlocking system of the pockets on the aluminum crossbeams.
3. **Is it suitable for use in public environments?**
Yes, the robust structure and stable base make the display perfect for public environments such as trade fairs, events or waiting rooms.
4. **How can I maintain the display clean?**
Simply use a soft cloth and a non-abrasive detergent to clean both the aluminum structure and the transparent pockets.
5. **In what contexts can it be used?**
The display is ideal for offices, events, travel agencies, waiting rooms, trade fairs and any environment where you want to display information material in an orderly and professional way.

Short buying guide:

The **h468_08 floor-standing leaflet display** is the ideal choice for those looking for a **versatile and professional** solution for organizing information material. The **10 transparent A4 format pockets** guarantee a large display capacity, while the **stable aluminum structure** ensures resistance and durability. Perfect for offices, trade fairs and events, this model combines **elegance and functionality** in a practical and easy-to-assemble design.

h468_08 leaflet display stand, vertical A4 floor display, 10 transparent pocket brochure holder, aluminum and methacrylate display, display for offices and events, resistant leaflet holder structure, waiting room brochure organizer, trade fair and event catalog holder, professional self-supporting display.
