

Double-sided urban furniture notice board h140249

Double-sided galvanized steel notice board (172x285 cm) for urban furniture. Anti-corrosive Made in Italy structure ideal for squares and historic centers.

This **urban furniture notice board** represents a professional and durable solution for institutional communication in open spaces such as squares, streets and historic centers. Designed and **made in Italy**, the structure stands out for the use of high-resistance materials and an advanced finishing cycle that guarantees protection against wear and atmospheric agents.

Technical features

- **Structure:** Double-sided board with perimeter frame in galvanized steel box section, 12/10 thickness.
- **Posts:** Supports in round galvanized steel tube Ø 60 x 2 mm with protective PVC end caps.
- **Posting panel:** Unpainted 12/10 galvanized sheet metal, integrated inside the box profile.
- **Useful posting space:** W.140 x h.200 cm per side.
- **Total dimensions:** W.172 x h.285 cm (including 30 cm for ground embedding).
- **Anti-corrosion treatment:** Complete cycle with spray degreasing pre-treatment, drying in oven and application of epoxy anti-corrosive primer (thickness approx. 60 microns).
- **Finishing:** Thermosetting powder coating based on polyester resins, "gunmetal grey" color.
- **Double baking:** First phase at 180° for 15 minutes; final baking at 160° for 20 minutes for optimal polymerization.
- **Components:** Upper plate for entity name and stainless steel screws included in the assembly kit.
- **Weight:** Approx. 57 kg.

Fixing method

- Fixing via extension of the support posts (30 cm) to be embedded directly into the ground.
