Double trolley for dirty laundry collection h564_52

AISI 304 stainless steel trolley for the collection of dirty hospital laundry.

Double laundry collection trolley for hospitals, nursing homes, clinics, care homes, made entirely of **AISI 304 stainless steel** round tube, consisting of 2 AISI 304 stainless steel tube uprights, positioned at the sides of the structure to ensure stability when stationary. **The Double trolley** is **versatile, hygienic, and lightweight**, but at the same time extremely robust given the structure made **of stainless steel**. The base where the bags rest is in AISI 304 18/10 stainless steel rod, to avoid breakage or deformation of the base itself**. The opening and closing** of the bags takes place by **means of a pedal** which helps the operator, even if both hands are busy, eliminating the risks of contact with internal waste and the escape of odors. **The upper rings** in AISI 304 stainless steel, harmonic, covered with a special rubber that allows: thanks to the grooving, **the locking of the bags** without further fasteners. **2 push handles** in AISI 304 stainless steel round tube, with ergonomic, anti-trauma grip. **Base in ABS** with perimeter edge. The base rests on **4 solid rubber wheels**, diameter 80 mm, swiveling, with gray tread, silent, **4 anti-scratch** PVC ring bumpers.

Technical features:

- Material: AISI 304 stainless steel
- N° 2 sections for bag positioning
- N° of push handles
- With opening pedal
- N° 4 solid rubber wheels, diameter 80 mm
- Dimensions: 1200x500xh.990 mm
- Capacity: 70lt

INFORMATION

- **Strengths** per biancheria sporca
- **Length in millimetres** 1200.000000
- **Depth in millimetres** 500.000000
- **Height in millimetres** 990.000000
