

Double wooden bench for green spaces h28766

Double bench in Nordic pine wood suitable for gardens and municipal parks. Dimensions: W.150 x D.76 x H.45 cm. Anchoring: to the ground.

Double bench for paths, parks and green spaces, ideal for furnishing and enhancing relaxation areas in your city. **Sturdy supports made of shaped sheet metal** with 60/10 laser technology, equipped with an oval plate for anchoring to the ground. Seat made of **Nordic pine wood** pressure-treated in an autoclave with non-toxic salts. The galvanized steel parts first undergo a pre-treatment process of degreasing impurities through steam solutions, then dried and subjected to **painting operations using electrostatic spray guns** that cover the pieces with powder paint in a flourey state. Subsequently, the product is subjected to polymerization in an oven, i.e., a process that allows the powder to solidify by baking at a temperature of 180°/200°C in a hot air circulation oven.

Technical features:

- Seat material: Nordic pine wood
- Structure material: shaped sheet metal
- Ground anchoring
- Galvanized hardware and bolts according to UNI 3740 standards
- Dimensions: W.150 x D.76 x H.45 cm

The bench for public spaces is supplied in an assembly kit.
