## Drawer hotel minibar h3477

40 lt drawer minibar h3477 with black mirrored door. Silent thermoelectric system, LED lighting and space-saving design W49.5xD47xH42 cm.

The **Drawer hotel minibar h3477** represents the most modern and functional furnishing solution for contemporary hospitality. This 40-liter minibar revolutionizes access to beverages thanks to a **spacious pull-out drawer**, designed to offer maximum use of available space and immediate visibility of all contents. The interior is streamlined with specific compartments for bottles and cans, facilitating access for the guest. Aesthetically, the device stands out for its elegant **black mirrored door**, a design detail that allows perfect integration into any type of hotel furniture, from classic to minimalist. The **thermoelectric operation** ensures optimal temperature management with a low weight of only 15 kg, making installation simple and versatile.
