

Drawer-opening hotel safe h7681

Digital electronic safe with backlit keypad. Drawer opening. Dimensions: H.200 x D.410 x W.350.

The **h7681 hotel safe** is a cutting-edge security system characterized by a practical **drawer opening**, designed to be perfectly integrated into the furnishings of hotel rooms, B&Bs, and holiday homes. This configuration solves the accessibility problem typical of traditional safes, allowing guests to view and retrieve their items from above with extreme ease. The onboard technology includes a silent **motorized lock**, a blue LED backlit keypad that activates upon touch, and automatic internal lighting. Operational security is guaranteed by the dual emergency override option (Master code and physical key) and the ability to monitor access via the event history viewable on the 6-digit display.

Technical features
