

Dressing trolley 2 smooth shelves h902_10

Dressing trolley with smooth upper and lower shelves. Dimensions: W. 590 x D. 390 x h. 840/910 mm.

The **18/8 stainless steel trolley for dressings** with **smooth lower shelf and smooth upper shelf** is an essential device for healthcare facilities, designed to offer practicality, hygiene and durability. Made entirely of high-quality stainless steel, this trolley is ideal for supporting the daily activities of medical and nursing staff. The stainless steel structure ensures long **durability and resistance** to corrosion, making the trolley suitable for intensive use in hospital environments. The smooth upper shelf provides a large and stable surface for the preparation of dressings, the arrangement of medical instruments and other clinical activities. The smooth surface of the upper shelf facilitates cleaning and maintenance, ensuring a sterile and safe environment for medical procedures. The **side handle** improves the operator's comfort during transport. Equipped with **4 swivelling wheels** of high quality. Wheel **bumpers** can be purchased as an **optional**.
