

Drum support with collection sump h849_02

Support for 2 x 200 litre drums in painted and galvanized steel. Load capacity 1500 kg, includes a 240 litre collection sump for environmental safety.

The **drum support stand** is a technical solution designed for the horizontal storage and securing of hazardous or polluting liquids. Made of high-resistance **painted steel**, the system allows for the housing of two 200-litre drums, facilitating decanting and dispensing operations. The structure integrates a **galvanized collection tray** designed to intercept any accidental spills, ensuring compliance with environmental regulations and soil protection at production sites.

Technical features

- **Storage capacity:** n. 2 x 200-litre drums (horizontal positioning)
- **Support material:** steel with an orange painted finish
- **Support dimensions:** 150 x 70 x h. 85 cm
- **Maximum load capacity:** 1500 kg
- **Tray material:** hot-dip galvanized steel to prevent corrosion
- **Tray capacity:** 240 litres
- **Tray dimensions:** 139 x 115.5 x h. 15.3 cm
