

Eco-friendly 40-liter glass door hotel minibar h7620

40-liter eco-friendly glass door hotel minibar, silent thermoelectric system, class F, smoked glass door and dim. 566x441x432 (h x w x d) mm.

The **Eco-friendly 40-liter glass door hotel minibar h7620** represents a cutting-edge solution for hospitality facilities wishing to combine guest comfort with environmental sustainability. Thanks to **thermoelectric cooling technology**, this minibar operates without the use of harmful gases and in the total absence of moving mechanical parts, ensuring **absolute silence** within the room. The **smoked glass door** design not only facilitates product checking by the user but also encourages the consumption of displayed products, solving the operational problem of stock management and improving the stay experience in the **HoReCa** sector.
