

Eco-friendly picnic table with benches h465_32

Eco-friendly picnic table in WPC (100% recycled) with integrated benches. Weather-resistant, no painting required. Dimensions: L 180 x D 158 x H 75 cm.

The **eco-friendly picnic table with benches h465_32** is an outdoor furniture solution designed to combine maximum resistance and environmental sustainability. The structure is made of **WPC polymer**, an advanced composite material made from **100% recycled materials** (50% recycled plastic and 50% biomass derived from rice husk). This table definitively solves the operational problem of constant maintenance required by traditional wood, eliminating the need for protective treatments or periodic painting. The robust design with integrated benches is ideal for professional targets and administrations looking for durable furniture for rest areas and collective contexts, guaranteeing a surface resistant to fungi and mold.

Technical characteristics

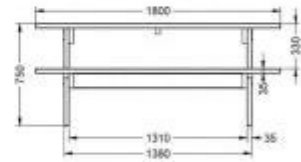

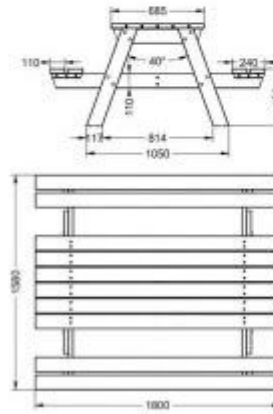

- **Total dimensions:** 1800 x 1580 x 750 mm.
- **Slat material:** WPC composite (50% recycled plastic, 50% rice husk).
- **Origin of materials:** 100% recycled material.
- **Seat height:** 420 mm.
- **Table top height:** 750 mm.
- **Table top width:** 685 mm.
- **Treatment:** natural slats, no painting required.
- **Supply status:** semi-assembled.
