

Election furniture table h723_16

Folding table for election furniture h723_16 with a solid steel structure and scratch-resistant epoxy finishes. Featuring maximum shock resistance and a practical suitcase-style folding design. Extra-large dimensions: 244 x 76 x 75 h cm.

The **election furniture table h723_16** is a high-resistance operational support module with an extra-large format top, specifically developed for **municipal administrations, public technical offices, employers, logistics and corporate security managers, and institutional bodies**. This element responds to the organizational need to quickly set up classrooms, polling stations, and high-traffic multifunctional halls, solving the operational problem of **having a large, stable, and durable work surface over time, while facilitating handling and storage at the end of use thanks to a fully foldable frame with a practical suitcase-style closure**. From a structural perspective, the furniture stands out for its high shock resistance characteristic, optimal for withstanding the dynamic loads and intensive traffic typical of election consultations. The supporting base consists of a solid steel structure treated with advanced industrial epoxy finishes with scratch and wear-resistant properties. With extended dimensions of 244 cm in length and 76 cm in depth, the table ensures a perfect working posture with a standard height from the ground quantified at 75 cm.

Technical features

- **Product type:** extra-large folding table for election furniture and communities
- **Code reference:** h723_16
- **Overall top length:** 244 cm
- **Worktop depth:** 76 cm
- **Fixed height from the ground:** 75 h cm
- **Total overall dimensions:** 244 x 76 x 75 h [cm]
- **Mechanical properties of the top:** high resistance to impact and bending stresses
- **Supporting base material:** solid structural steel frame
- **Metal surface finish:** coating with scratch-resistant epoxy finishes against chemical agents or wear
- **Storage and transport mechanics:** foldable configuration equipped with a practical suitcase-style closure to reduce bulk
- **Installation suitability:** polling stations, conference rooms, public offices, logistical coordination, canteens, and temporary events
