

Election Table 220 cm h523_04

Election Table 220 cm with reinforced steel frame.

The election table is the ideal product for setting up polling stations easily and quickly. It consists of a trapezoidal painted steel frame reinforced by a "C" profile that guarantees solidity and stability, green painted steel folding legs to minimize bulk and facilitate handling and storage operations, and a fire-retardant spruce top in ochre color with high-quality UV varnish capable of withstanding any weather condition and other various stresses.

Technical Features:

- Painted steel frame
- Green painted steel folding legs
- Ochre spruce top
- UV varnish
- Fire-retardant model
- Dimensions: 2200x750x h. 770 mm
