

## Electric examination couch with foot control h666\_47

Electric 2-section examination couch, height 48-88 cm, foot control, 6 cm fireproof padding, 200 kg capacity, integrated paper roll holder.

The **H666\_47 electric examination couch** is designed to meet the needs of outpatient clinics, medical clinics, and professional practices, offering maximum patient comfort and ergonomic management by healthcare personnel. Equipped with **electric variable height from 48 to 88 cm**, adjustable via **foot control**, it allows examinations and treatments to be carried out safely and effortlessly, ensuring accessibility even for patients with mobility difficulties.

The backrest is adjustable in all positions via a **gas spring**, easily adapting to various clinical needs. The **high-density padding (24 kg/m<sup>3</sup>) 6 cm** thick is made of **class M2 fireproof material**, upholstered in medical-grade synthetic leather that is easy to sanitize and resistant to wear.

The **epoxy powder-coated steel structure**, silver in color, is robust and stable. The couch is also equipped with an **integrated paper roll holder on the foot side**, for immediate use of disposable medical sheets. The product is available in various colors to adapt to the practice's aesthetics and complies with safety and maintenance standards for healthcare facilities.
