

Electric kettle 1500 W h164_103

Professional 1 L 304 stainless steel kettle with Strix control. 1500 W power for fast boiling, 360° base and compact brushed design.

The **professional 1-liter electric kettle** has been specifically developed for intensive use in hotel rooms, offering a perfect balance between compact design, advanced safety, and high performance. Made of **brushed 304 stainless steel**, a material certified for food use and resistant to corrosion, this device meets the hygiene and durability needs required by the hospitality sector. The **1500 W** power ensures rapid boiling, reducing guest waiting times and improving the perception of room service.

The design focuses on operational practicality: the pressure lid with safety lock and the wide opening facilitate filling, while the **concealed heating element** prevents direct contact with water, drastically limiting limescale formation. Thanks to the integrated **Strix thermal controller**, the kettle offers total protection against boil-dry, ensuring a superior safety standard. The 360° swivel base with a central LED indicator and the retractable cord wrap allow the hospitality station to remain tidy and functional for every type of user.

Technical features

- **Capacity:** 1 liter
- **Body material:** 304 Stainless steel (brushed finish)
- **Power:** 1500 W
- **Dimensions:** W 20.6 x D 11.8 x H 18.8 cm
- **Control technology:** Strix thermal controller
- **Safety:** Boil-dry protection and automatic shut-off
- **Base:** 360° swivel cordless base
- **Lid:** Pressure opening with safety lock
- **Filtration:** Integrated particulate filter
- **Indicators:** Switch with central LED and internal water level indicator
- **Cord management:** Integrated cord wrap housing in the base
- **Cord length:** 0.8 meters
- **Net weight:** 0.82 kg
