

Electric kettle for hotels 1 liter capacity h898_08

Professional 1-liter black stainless steel electric kettle for hotels. Optimized 1000W power for energy saving, 360° cordless base, and automatic shut-off. Ideal for B&Bs and resorts.

The **professional electric kettle in black finish** is the ideal design solution for hospitality facilities wishing to offer an elegant and functional courtesy service. Made of **high-quality stainless steel**, this model stands out for its refined black coating, perfect for integrating into modern hotel rooms, resort suites, and luxury holiday homes.

With a 1-liter capacity and an **optimized power of 1000 W**, the kettle guarantees an excellent balance between boiling speed and energy saving, avoiding overloads to the facility's electrical network. Guest safety is guaranteed by the **automatic shut-off** system upon reaching temperature. The charging base with 360° rotation and the ergonomic handle make use extremely comfortable for both right and left-handed users.
