

Electrically adjustable gynecological table h559_28

Gynecological table with height adjustable from 57 to 98 cm. Capacity: 250 Kg. Available in different colors.

Gynecological examination chair made of **tubular steel** that guarantees **solidity and robustness**. The **padding** of the surface is made of **high-density foam**, ensuring **comfort and correct support**, and is **upholstered** in a **fire-retardant class 1 IM faux leather** (skai) fabric. The structure is **electrically adjustable**, compliant with current hospital regulations, allowing for easy use by the patient and **excellent maneuverability** by the operator. There are **3 electric actuators** with a **hand control** through which it is possible to adjust the height of the structure, the height of the backrest, and the leg cushion. In particular, the height is adjustable from a minimum of 57 cm to a maximum of 98 cm. The backrest can reach **+75°** in positive and **-10°** in negative. The leg cushion **+5°** in positive and **-90°** in negative. The base rests on **4 feet** that guarantee stability and safety. **Available in different colors**, the structure undergoes a **phosphodegreasing, rinsing, and powder coating process** polymerized at 200°.

Technical characteristics:

- Dimensions: L.182 x D.68 cm
- Adjustable height: 57 - 98 cm
- Structure material: tubular steel
- Capacity: 250 kg
- Weight: 80 kg
- Structure treated by phosphodegreasing, rinsing, and polymerized powder coating
- Glossy finish
- Equipped with roll holder
- High-density foam padding
- Upholstery material: fire-retardant class 1 IM coated skai (faux leather), washable with common detergents
- Electrically adjustable via 3 electric actuators with hand control
- Structure height adjustment from a min of 57 to a max of 98 cm with a force equal to 4000N
- Backrest height adjustment: + 75° - 10°
- Leg cushion height adjustment: +5° -90°
- Base with 4 adjustable feet
- Leg support holders included
- Class 1 medical device compliant with the requirements of the EEC directive 93/42
- Available in different colors

Optional:

- Pair of foldable side handles

**Images are purely indicative (the steel basin is not included).*

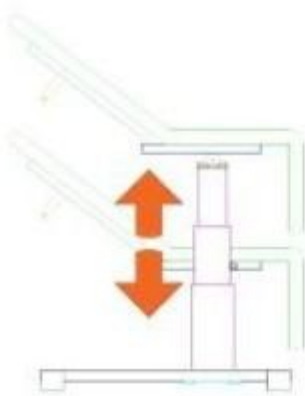

- **Length in millimeters** 1820.000000
- **Depth in millimeters** 680.000000
- **Height in millimeters** 980.000000
- **type height** variable
- **capacity** 250 Kg
