

Electronic hotel drawer safe for pc h7601

Hotel drawer safe with sliding drawer for notebooks up to 15". Digital electronic combination and LED backlit display.

The **h7601 electronic drawer safe** is a cutting-edge security solution designed for integration into furniture, desks, or wardrobes in hospitality facilities. Featuring a **sliding drawer on telescopic guides**, it allows ergonomic and immediate access to contents, with dimensions optimized to accommodate a **laptop up to 15"**. Security is entrusted to a high-reliability motorized lock, managed by an electronic system with a programmable 4 to 6-digit code. The user experience is enriched by a 6-position blue LED display and keyboard backlighting, ensuring maximum functionality even in poorly lit environments.
