Elliptical shaped dog waste station h109243

Elliptical totem in painted galvanized steel for dog waste collection with integrated bag dispenser and welded bin, ground fixing, height 1900 mm.

The dog waste collection station is an urban furniture element designed to keep streets, parks, avenues, and city centers clean, encouraging pet owners to correctly dispose of waste. It represents a practical and visible solution that contributes to the decorum and hygiene of public spaces.

The **elliptical shaped** product integrates a **hygienic bag dispenser** and a **disposal bin** into a single structure. The composition includes an internal flat bar frame with a bottom and a **top cover in steel sheet**. Access to the container is via a **front door equipped with a lock and universal key**, facilitating emptying and maintenance operations. One of the two holes for introducing the bags is positioned on the upper part of the door.

The structure is fixed to the ground via **two flanges welded to the base of the sides**, equipped with holes for anchoring using bolts. **All metal parts are galvanized and painted with thermosetting polyester powders**, guaranteeing resistance to corrosion and durability in outdoor environments. The totem is **available in different colors** to adapt to the aesthetic needs of the urban context.
