

Emergency isothermal blanket h648_33

Emergency thermal blanket. Dimensions: 210 x 160 cm

This **rescue blanket** has a silver side and a gold side to protect from cold or heat. To protect against the **cold**, the silver side must face outwards, while the blanket covers the patient. To protect the patient from heat, the silver side must face outwards and the silver side must cover the patient. The small dimensions and light weight make this **rescue blanket** ideal for any emergency bag or first aid kit.
