

Emergency medical backpack h655_18

Professional rescue backpack. Dimensions: W38 x D28 x H52 cm.

First aid backpack, ideal for aiding the injured anywhere. Thanks to its practical and comfortable transport, it can also be used for interventions in hard-to-reach places. Made of **PVC**, a material that ensures excellent **resistance and ease of cleaning and disinfection**. Equipped with **shoulder straps** for back transport and **2 handles** for hand carry. Equipped with **2 front pockets**, the larger of which is expandable via zipper, making it suitable for containing even larger equipment. Complete with **reflective strips** to make the backpack clearly visible even in the dark.

Technical features:

- Dimensions: W38 x D28 x H52 cm
- Internal equipment not included
