

Emergency stretcher with wheels h720_03

First aid stretcher with wheels. Aluminum frame. Dimensions: 215 x 63 x 18.8 cm. Capacity: 350 kg.

The emergency stretcher is indispensable for rescue operations in hard-to-reach places. The product is made of **special HDPE with a resistant aluminum frame** and is equipped with a removable, washable, and disinfected mattress. Thanks to the aluminum eyelets, it is also possible to attach a lowering harness (not included). The **robust wheels** allow the patient to be transported even in the most difficult places to reach. Thanks to the high-quality materials, the product is extremely easy to clean and disinfect.

Technical features:

- Material: Special HDPE
- Aluminum frame
- Aluminum eyelets
- Capacity: 350 kg
- Dimensions: 215 x 63 x 18.8 cm
- Weight: 19 kg
