

Energy-saving hotel minibar 40 liters h3453

40 lt h3453 minibar with extreme energy saving (Class D) and low environmental impact. Silent compressor system Made in Italy, natural gas and panelable door in various finishes.

The **Energy-saving hotel minibar 40 liters h3453** represents the technological vanguard in the hospitality refrigeration sector. The result of the latest **Made in Italy** technological discoveries, this model resolves the critical combination of cooling power and sustainability. Thanks to a **new compressor** powered by **natural refrigerant gas**, the device reaches the excellent **Energy Class D**, guaranteeing surprising operating economies and a very low environmental impact. The advanced design drastically reduces noise emissions: the noise is in fact barely perceptible up to one meter away, making it the indispensable complement for hotel rooms where acoustic comfort is a priority. Maximum flexibility is ensured thanks to the **panelable and reversible door**, available in different wood finishes to integrate perfectly into any interior design project.

Technical features

- **Production:** Made in Italy
- **Capacity:** 40 l
- **Refrigeration system:** new generation natural gas compressor
- **Energy class:** D
- **Installation:** built-in or free-standing
- **Safety:** door opening indicator with acoustic signal
- **Lighting:** innovative enhanced LED system
- **Door configuration:** bottle shelf for 1 lt bottles, magnetic closure
- **Customization:** panelable door (Black, Bleached Oak, Walnut, Wengè)
- **Versatility:** reversible door and motor cover included
- **Maintenance:** automatic defrosting and mechanical thermostat
- **Dimensions:** W 39 x D 48.5 x H 54 cm
- **Warranty:** 2 years

Available options

- 4.5 cm feet to facilitate mobility
- 6 cm wheels for quick movements
- Ergonomic handle for easy opening
