

Ergonomic fast food tray h30319

Stackable ergonomic self-service tray ideal for serving food and drinks. Made of polypropylene. Dimensions: 415 x 305 mm. Pack of 40 pcs. Available in different colors.

The tray is ideal for use in fast food restaurants, canteens, and snack bars operating in self-service contexts.

The structure equipped with an **ergonomic handle** ensures ease of use.

The tray is made of **certified polypropylene** for food use and is **suitable** for contact with **food**.

The product is able to **resist heat** and thermal shocks (-10° +85°).

The rectangular shape with **reinforced rounded corners** promotes greater resistance to breakage.

The material used makes the tray **resistant** to **stains** and **scratches**.

The possibility of **stacking** the trays on top of each other allows for **optimizing** the available space.

Easy to clean, the trays can also be washed in **professional dishwashers**.

Technical features:
