

Ergonomic school desk for schools h872_29

Ergonomic school desk 60x45 cm in melamine and metal. UNE-EN 1729-1 compliant, with integrated drawer and adjustable feet for students 146-188 cm.

This **ergonomic school desk** has been designed to meet the needs for comfort and durability in modern educational environments. The structure integrates a worktop in 18 mm particle board, faced with a **high-resistance melamine** coating, capable of withstanding daily wear, contact with liquids, and thermal variations. Student safety is guaranteed by **rounded PVC** perimeter edges, which prevent accidental impact injuries.

Functionality is optimized by the presence of an **integrated under-top drawer**, ideal for organizing teaching materials. Stability is ensured by a metal structure equipped with feet featuring **noise-reducing and scratch-resistant** pads, adjustable to compensate for any floor irregularities, always ensuring a perfectly level work surface.

Technical features

- **Top material:** 18 mm thick particle board with melamine finish
- **Surface resistance:** Wear-resistant, water-repellent, and heat-resistant treatment
- **Safety:** PVC edges with rounded accident-prevention profile
- **Frame:** High-stability metal load-bearing structure
- **Terminals:** Non-slip, noise-reducing, and height-adjustable glides
- **Regulatory compliance:** UNE-EN 1729-1 certification for school furniture
- **Dimensions:** Width 60 cm, Depth 45 cm, Height 73 cm
- **User target:** Students with a height between 146 cm and 188 cm
