

Examination and massage table height-adjustable h904_35

Professional portable natural wood table for examinations and massages, adjustable height 59-87 cm, 6 cm padding and articulated support included.

The **h904_35 table** represents a versatile and high-performance solution for professionals operating in the medical, physiotherapy, and wellness sectors. Designed to combine the solidity of the **natural wood structure** with the practicality of a portable model, this support guarantees an ergonomic work environment and a refined aesthetic. The possibility of adjusting the height and inclination via the articulated support allows for adapting the work surface to different types of treatment, solving issues related to incorrect operator postures and patient discomfort.
