- **Certification:** CE marked
- **Available finishes:** surface available in various colors

Optional

- **Set:** of rotating gynecological leg supports

Maintenance instructions

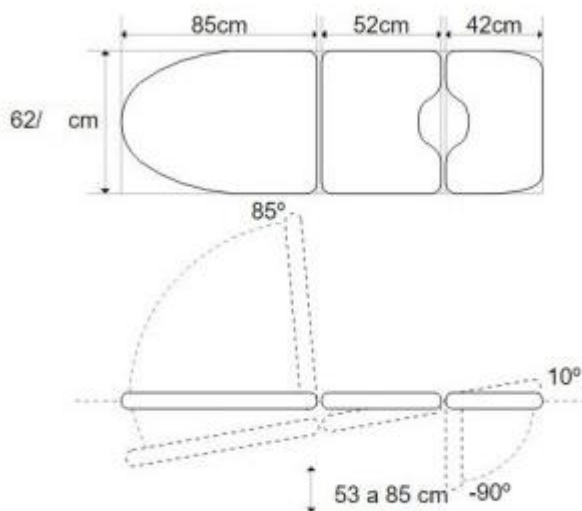

For cleaning and disinfecting the surface, do not use soaps or solutions containing alcohol, ketones, xylene, acetates, or solvents. To remove stains, proceed in this sequence: wipe with a soft damp cotton cloth, then a cloth soaked in water and neutral liquid soap, and finally clean with water only and dry completely. Do not use brushes with bristles or abrasive or metallic fiber sponges, as they cause permanent damage to the fabric.
