

Examination couch with scale h634_16

Steel and eco-leather medical couch (194.5x68 cm) with integrated weighing system and Trendelenburg, specific for bariatric patients and wards.

This **medical examination couch** is an advanced diagnostic station designed for intensive use in hospital, clinical and outpatient environments. The distinguishing feature is the **integrated electronic weighing system**, which allows the patient's weight to be detected while they remain comfortably lying down, minimizing effort for healthcare personnel and risks for patients with reduced mobility. The painted steel structure is sized to withstand high loads, ensuring stability and safety even when treating bariatric patients.

Technical features

- **Total dimensions:** L 194.5 x D 68 x H 56/86 cm
- **Structure:** High-resistance white painted steel
- **Maximum capacity:** 200 kg
- **Height adjustment:** Electric via low-voltage motors (24 V) and handset with inhibition key
- **Trendelenburg movement:** Trendelenburg and reverse Trendelenburg positions via motorized telescopic columns
- **Backrest:** Adjustable from 0° to 70° with gas actuator and CPR quick release system for emergencies
- **Upholstery:** Class 1IM eco-leather, antibacterial, antifungal and easy to sanitize
- **Mobility:** 4 antistatic swivel wheels (diameter 150 mm) with centralized and directional braking system via bilateral pedals
- **Power supply:** Multi-voltage 100-240 Vac 50-60 Hz with schuko cable
- **Safety and insulation:** IP44 protection degree; compliant with Directive 93/42/EEC

Weighing system specifications

- **Display:** Stainless LCD display box (22 x 16 x h5 cm) with 25-key keyboard
- **Accuracy:** Minimum division of 20 g (up to 60 kg), 50 g (up to 150 kg) and 100 g (up to 200 kg)
- **Load cells:** In stainless steel with a total capacity of 1000 kg and overload up to 2000 kg
- **Connectivity:** RS232 or LAN 10/100 interface for integration with hospital management software
- **Functions:** Automatic/manual tare subtraction, anti-blackout function for data saving, weight loss monitoring and countdown
- **Autonomy:** External self-rechargeable 6 V emergency battery (approx. 24 hours of autonomy)

Options available on request

- IV pole

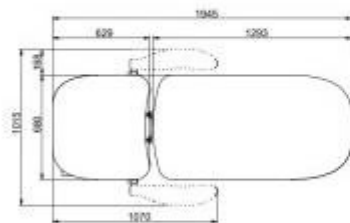

- Roll holder
- Motorized backrest
- Facial hole
- Armrests
- Customized upholstery colors
