Examination table adjustable height h13_81

Medical examination table. Manually adjustable height with hydraulic piston from 47 to 97 cm.

Examination and therapy table with high stability, with **manual height adjustment with hydraulic piston**. The table has a mobile section, a gas spring-assisted headrest adjustment system (with breathing hole), and a fixed leg section. The wide headrest can be adjusted positively and negatively and also functions as a backrest. The padding is made of high-density foam covered with high-quality vinyl with flame retardant properties. The laterally open frame allows access with patient lifting systems or electromedical therapy carts. **Lifting capacity 200 kg**. Made in Italy.

Technical Features:

- Manual height adjustment with hydraulic piston
- Breathing hole
- Fixed leg section
- Lifting capacity: 200 Kg
- Total length: 195 cm
- Width: 68 cm
- Headrest length: 68 cm
- Main section length: 124 cm
- Height: adjustable from 47 to 97 cm
- Adjustable head section: +70° -20°
