

Executive cantilever chair in black steel and sky h449_135

Executive cantilever chair with black tubular steel frame, upholstered in water-repellent sky eco-leather. Max capacity: 100 kg. Color: black.

The **h449_135 executive cantilever chair** is designed to ensure **comfort and robustness** in work environments where a stable chair with a modern style is required. The **black tubular steel** structure ensures solidity and durability over time, while the **cantilever** model promotes a slight movement and a stable base **without wheels**.

The **seat and the backrest** are **paddinged with 5.5 cm T25 foam** for prolonged comfort, upholstered in **425 g/m² water-repellent sky eco-leather**, a material resistant to wear and abrasion with over 22,000 Martindale cycles, and with excellent rubbing resistance in both wet and dry conditions (ISO 105-X12 >4).

The armchair has a **fixed seat** and a **fixed backrest**, with optimal dimensions for work: **total height of 94 cm, seat width of 50 cm and seat depth of 47 cm**.

Suitable **for continuous use up to 8 hours** and supports a **maximum load of 100 kg**. The **included armrests** offer additional support and comfort during the workday.

This chair **is not stackable**, ideal for executive offices or meeting rooms where a stable and refined seat is required.

Buy the h449_135 executive cantilever chair now, a perfect balance between design and functionality!
