

Executive office chair in sky and wood h449_140

Swivel executive chair in multilayer beech and sky. Gas lift and tilting mechanism with advanced fulcrum and 4 anti-shock blocks. Max capacity: 130 kg.

The **executive office chair** in **sky and wood** combines elegant design and advanced functionality, ideal for demanding professional environments. The **multilayer beech** structure ensures robustness and durability over time, while the **padded seat and backrest** offer superior comfort thanks to the **high-density non-deformable foam**. The **water-repellent sky faux leather** upholstery with **abrasion** resistance exceeding 22,000 martindale cycles and high rubbing resistance ensures easy maintenance and long life.

The **gas lift** allows for simple and precise adjustment of the seat height, while the **tilting mechanism** with **advanced fulcrum** allows for fluid movement and is **adjustable in 4 anti-shock locking positions**, offering greater ergonomics and preventing impacts.

The chair is supplied with **armrests included** and is equipped with **nylon wheels Ø 50 mm** for easy mobility on different surfaces. It supports a **maximum weight of 130 kg** and is designed for **continuous use up to 12 hours a day**. The **TUV gas certification** ensures quality and safety.

Choose the executive office chair h449_140 to combine comfort, elegance and performance in your work environment!

Technical features:

- **Total height:** 117 - 127 cm
- **Total depth:** 66 cm
- **Backrest height:** 72 cm
- **Backrest width:** 43 cm
- **Seat width:** 51 cm
- **Seat depth:** 48 cm
- **Seat height:** 40 - 50 cm
- **Base size:** Ø 68 cm
- **Weight:** 21 kg
- **Max capacity:** 130 kg
- **Recommended use:** 12 h
- **Stackable:** no
- **Armrests:** included
- **Structure:** multilayer beech
- **Wheel size:** nylon Ø 50 mm
- **Seat and backrest:** padded
- **Internal material:** multilayer beech
- **Upholstery color:** black
- **Seat and backrest upholstery material:** water-repellent sky faux leather 425 g/m², composition: PES 20%, PVC 79%, PU 1%

- **Abrasion resistance:** > 22,000 martindale cycles
- **Rubbing resistance:** (ISO 105-X12) wet and dry > 4
- **Seat and backrest foam:** high-density non-deformable foam
- **Elevation:** gas lift
- **Chair adjustment:** advanced fulcrum tilting mechanism with 4 anti-shock locking positions
- **Certification:** TUV certified gas

Benefits for the user:

- **High comfort:** thanks to high-density non-deformable foam padding.
- **Ergonomic adjustment:** tilting mechanism with advanced fulcrum and 4 anti-shock locking positions.
- **Robustness and durability:** high-quality multilayer beech structure.
- **Easy maintenance:** abrasion-resistant water-repellent sky faux leather upholstery.
- **Mobility and practicality:** nylon wheels and armrests included for functional use.

FAQ:

1. **What is the maximum capacity of the chair?**
The chair supports up to 130 kg in weight.
2. **For how many hours is continuous use recommended?**
It is suitable for continuous use up to 12 hours a day.
3. **What are the materials of the structure?**
The structure is made of resistant and durable multilayer beech.
4. **Is the upholstery easy to clean?**
Yes, the sky faux leather is water-repellent and abrasion-resistant, easy to maintain.
5. **How does the adjustment mechanism work?**
The advanced fulcrum tilting mechanism offers 4 anti-shock locking positions for greater comfort and safety.

Short buying guide:

Choose a **swivel executive chair** with a **multilayer beech** structure if you are looking for a product that combines robustness and design. The **water-repellent sky faux leather** upholstery ensures long durability and ease of maintenance. The **high-density non-deformable foam** ensures superior **comfort** during long working hours. The tilting mechanism with **advanced fulcrum** and 4 anti-shock locking positions improves ergonomic support. Don't forget the presence of **armrests** and **nylon wheels** for greater functionality and mobility. The **TUV** certification attests to the safety of the gas lift system.
