

Executive office chair in steel and faux leather h449_138

Executive office chair in steel and sky. Gas lift. Tilting mechanism with lock and armrests included. Max load: 110 kg.

The **executive office chair h449_138** is designed to ensure comfort and functionality throughout the working day, with a **recommended use of up to 8 hours**. The **steel** structure ensures robustness and longevity, while the **425 g/m² water-repellent sky faux leather** outer upholstery combines aesthetics and durability. The composition (PES 20%, PVC 79%, PU 1%) gives the material high **abrasion resistance** (> 22,000 Martindale cycles) and **wet and dry rubbing resistance** (ISO 105-X12 > 4), keeping the chair always elegant and functional.

The **8.5 cm T21 foam** padding for the seat and **5.5 cm T18** for the backrest ensure a comfortable and long-lasting seat. The chair features **gas lift** to easily adjust the **seat height from 51 to 60 cm** and a **tilting mechanism with one locking position** that allows you to fix the desired position. The **backrest** is **fixed** to ensure stability and support.

The **base** has a **diameter of 64 cm** and is equipped with **Ø 50 mm nylon wheels**, which promote mobility without compromising safety.

The **weight** of the chair is **17 kg** and supports a **maximum load of 110 kg**. **It is not stackable**.

Buy the h449_138 executive chair now for a comfortable and durable office!

User benefits:

- **Sturdiness:** resistant and durable steel structure.
- **Comfort:** thick padding and water-repellent upholstery for a comfortable seat.
- **Ease of adjustment:** gas lift and tilting mechanism with lock.
- **Mobility:** nylon wheels for easy and quiet movement.
- **Elegant design:** faux leather upholstery with high resistance to abrasion and rubbing.

FAQ:

- 1. What are the advantages of the sky faux leather upholstery?**
It offers high abrasion resistance, ease of cleaning, and an elegant, professional appearance.
- 2. Is the chair suitable for continuous use?**
Yes, it is designed for use up to 8 hours a day, ensuring comfort and support.
- 3. What type of maintenance does the steel structure require?**
The structure is painted to resist corrosion and requires simple cleaning with non-abrasive products.
- 4. Can I use this chair on delicate floors?**
Yes, thanks to the nylon wheels, movement is gentle and does not damage the floor.
- 5. What are the benefits of the tilting mechanism with lock?**
It allows you to tilt the seat for greater comfort and lock the desired position for stability during work.

Mini buying guide:

Opt for an **executive steel chair** if you are looking for a robust and durable office chair. The **water-repellent sky faux leather** upholstery ensures high abrasion resistance and easy maintenance. The presence of **thick padding** ensures comfort during prolonged use. The **height adjustment** via gas lift and the **tilting mechanism with lock** improve ergonomics and support. Also consider the **armrests included** and the **nylon** wheels for greater functionality and mobility. The steel structure adds stability and strength to the chair.
