# Faux leather placemats for restaurant h1025_49

Soft placemat for restaurants (38.5x30 cm) in eco-sustainable faux leather. Thickness 2 mm, resistant to liquids, wear and easy to sanitize.

The **faux leather placemats for restaurant h1025_49** represent a professional solution, with a refined design and maximum versatility, designed for table setting in the hospitality sector. Characterized by a size of 38.5x30 cm and a soft thickness of 2 mm, they are made with an upper and lower layer in eco-compatible leather-effect material. This composition solves the operational problems related to long washing cycles of table linen, offering a support resistant to wear, liquids and time, eliminating the risk of cracking or deterioration. Aimed at catering professionals, they integrate harmoniously into any mise en place concept thanks to the aesthetic finishes with careful stitching, offering an easily sanitizable surface that combines elegance, functionality, safety and sustainability.
