

Feather advertising flag with snow spike h738_176

Feather advertising flag with flexible pole and snow spike. Banner dimensions: 63.5 x 210 cm. Total height: 250.5 cm.

The **H738_176 feather advertising flag**, with **snow spike included**, is designed to offer **maximum visibility even in outdoor environments with snowy grounds** or soft terrain. It is a perfect solution for events, seasonal promotions, outdoor activities or points of sale in mountain locations, thanks to its **wind resistance and stable, lightweight structure**.

The pole is made of **flexible fiberglass**, which guarantees **durability, elasticity and ease of transport**, while the banner is printed with **single-sided sublimation technology** on **100% polyester nautical fabric (100 g/m²)**, a lightweight but robust material with bright and long-lasting colors. The product is **complete with printing included** in the price: artwork must be provided during the ordering phase to proceed with printing.

The flag is equipped with a **snow spike**, ideal for **fastening in outdoor environments** on snowy surfaces or natural ground, offering a secure hold without the need for additional rigid supports.

The **banner size (635 x 2100 mm)** and the **total height of 2505 mm** guarantee **good visibility even from a distance**, while maintaining a **compact format** suitable for small spaces or temporary contexts.

In case of continuous outdoor use with adverse weather conditions, the **estimated minimum banner life is approximately 90 days**. If used in protected or indoor environments, it can last **over 12 months**.

Buy the **H738_176 feather flag** with snow spike now: the compact, resistant and visible solution for your outdoor communication even during winter!

- **Excellent:** visibility in outdoor spaces and mountain contexts.
- **Fastening:** secure even on snow or soft ground.
- **Easy:** to assemble, transport and reuse.
- **Colors:** bright and resistant thanks to sublimation printing.
- **Suitable:** for seasonal promotions or outdoor events.

FAQ:

1. **Is it suitable for use on snow or natural ground?**
Yes, the included snow spike guarantees secure fastening on non-rigid surfaces.
2. **Is the flag visible on both sides?**
The printing is single-sided sublimation; artwork must be provided during the ordering phase to proceed with printing.
3. **How long does the banner last in continuous outdoor use?**
In 24/7 outdoor exposure with bad weather, the duration is approximately 90 days.
4. **Is an additional base needed for installation?**
No, the spike is included and is sufficient for anchoring on snow or soft ground.
5. **Is it also suitable for indoor use?**
Yes, it can also be used indoors or in protected areas, with a duration of more than 12 months.

Mini guide to purchasing:

To effectively promote your business in outdoor contexts, especially during winter events or seasons, it is important to choose a **flag with a flexible structure and support suitable for the type of terrain**. The H738_176 model is perfect for snowy environments or natural ground thanks to the **integrated snow spike**, which ensures stability without the need for heavy bases. **Sublimation printing** guarantees **color and readability over time**, while the **fiberglass structure** resists wind, making the flag ideal for intensive use, but also easy to transport and install.

Feather advertising flag with snow spike, winter outdoor sublimation flag, outdoor snow promotional flag, wind-resistant fiberglass feather flag, custom polyester nautical fabric flag, winter outdoor event flag, snow advertising support, single-sided sublimation print flag.
