

Feather flag with ballast base h738_177

Advertising flag on flexible pole and 14 lt ballast base. Fabric dimensions: 87.5 x 346.5 cm. Total height: 400 cm.

The **H738_177 feather advertising flag**, equipped with a **14-liter ballast base**, is the ideal solution to ensure **maximum visibility for your brand** in **indoor and outdoor** contexts, even in moderate wind conditions. It is designed to promote **commercial activities, events, fairs, or points of sale**, thanks to a resistant, lightweight, and easy-to-transport structure.

The **flexible fiberglass pole** ensures **strength and flexibility**, while the flag is printed on **100% nautical polyester fabric (100 g/m²)**, a material highly resistant to atmospheric agents. The printing is **single-sided sublimation**. Graphics are **included in the print**, but must be **provided at the time of ordering** in a format suitable for production.

Thanks to the **14-liter ballast base** (anthracite color), this flag remains **stable even outdoors**, making it suitable for use in open environments such as squares, corporate entrances, parking lots, outdoor events, or fairs.

With a **large fabric (875 x 3465 mm)** and an **overall height of 4 meters**, the H738_177 flag guarantees an **excellent visual impact**, catching attention even from a distance.

In conditions of continuous exposure and unfavorable weather, the minimum duration is approximately **90 days**, while in protected environments or with moderate use it can exceed **12 months**.

Order the **H738_177 feather flag** now with an outdoor ballast base and promote your brand with visibility, stability, and professional style. Send your graphics at the time of ordering to proceed with printing!
