

Feather-shaped advertising flag h738_175

Advertising flag with fiberglass pole and 40x40 cm metal base. Banner dimensions: 87.5 x 346.5 cm. Total height: 400 cm.

The **H738_175 feather advertising flag** is an ideal solution to provide **maximum visibility for your brand** in indoor or protected outdoor environments. Thanks to its **slender and professional design**, it is perfect for **promotional events, trade fairs, showrooms, points of sale, or company entrances**.

The structure is composed of a **flexible fiberglass pole**, a lightweight yet resistant material, designed to offer **high stability even in the presence of wind**. The **single-sided sublimation printing** is performed on **100% polyester nautical fabric – 100 g/m²**, guaranteeing brilliant color results and **long-lasting durability**, even with prolonged exposure. The product is **complete with printing included** in the price: the artwork must be provided at the time of ordering to proceed with the printing.

The product is supplied with a **40x40 cm square metal base**, designed to ensure **stable fixing** on rigid surfaces, ideal for **fixed or temporary installations** in covered or partially protected contexts.

With a **large banner (875 x 3465 mm)** and a total height of **4 meters**, the H738_175 flag stands out even from a distance, making it an **effective tool for visual communication**.

In case of continuous outdoor exposure 24/7 with unfavorable weather, the **estimated minimum duration is approximately 90 days**. In more favorable conditions or with indoor use, the **duration can exceed 12 months**.

Order the **H738_175 feather flag** now and make your message visible, professional, and impactful on every promotional occasion!

FAQ:

1. **Can the flag be used outdoors?**

Yes, but it is recommended for protected outdoor areas or temporary displays. In outdoors 24/7 with adverse weather, the duration is about 90 days.

2. **Is the banner visible from both sides?**

The printing is single-sided and included; the artwork must be provided at the time of ordering for printing.

3. **How much does the base weigh?**

The base is 40x40 cm metal, stable and ideal for installations on rigid surfaces.

4. **Is assembly complicated?**

No, the flag is easy to assemble even without specific tools.

5. **Can I customize the artwork?**

Yes, sublimation printing allows for complete customization of the banner with high-definition colors.

Mini buying guide:

To promote your brand **quickly, effectively, and with great impact**, **feather-shaped advertising flags** are among the most versatile tools.

Always check **the overall height**, the **banner size**, and the **type of base** most suitable for the place of use.

The **sublimation printing on nautical polyester** ensures visibility and resistance, while the **fiberglass structure** offers flexibility and durability.

If you plan to use it in indoor or protected outdoor environments, models like H738_175 represent **the ideal solution for prolonged exhibitions with an excellent quality-price ratio**.

Feather advertising flag, customized sublimation flag, indoor outdoor fiberglass flag, promotional flag with metal base, 4-meter high feather flag, wind-resistant advertising flag, promotional fair support, advertising flag with printing on nautical fabric.
