

Fiberglass feather flag h738_174

Advertising flag on flexible fiberglass pole. Fabric dimensions: 65,5 x 269 cm. Total height: 304,5 cm.

The **H738_174 feather flag** is an ideal advertising support for **promotional events, points of sale, fairs, corporate entrances** or **high-traffic outdoor areas**, thanks to its lightweight, resistant structure and high visibility.

It is composed of a **flexible fiberglass pole**, a material that offers **high elasticity and wind resistance**, making it suitable for **continuous use in both indoor and outdoor environments**. Printing is done with **single-sided dye-sublimation** technology on **100% polyester 100 g nautical fabric**, ensuring bright and durable colors over time. The product is **complete with printing included** in the price: graphics must be provided during the order phase to proceed with printing.

The flag is equipped with a **14-liter ballastable base in anthracite color**, designed to guarantee **stability even in the presence of wind**, making the product perfect for outdoor displays.

Under intensive outdoor use conditions (24/7 with unfavorable weather), the **fabric duration is approximately 90 days**, while in indoor environments or with moderate exposure it can reach **up to 12 months**.

Order the **H738_174 feather flag** now and promote your business with a visible, resistant and professional support!

FAQ:

1. **Is the flag wind-resistant?**
Yes, the fiberglass pole is flexible and wind-resistant, ideal for outdoors.
2. **Is the print visible on both sides?**
No, the print is single-sided dye-sublimation. You must provide the graphics during the order phase to proceed with printing.
3. **How long does the flag last if used outdoors?**
In difficult weather conditions and continuous use, about 90 days. In indoors or moderate use, even over 12 months.
4. **Is the base included?**
Yes, a 14 L ballastable base in anthracite color is included, specifically for outdoor use.
5. **What are the fabric dimensions?**
The fabric dimensions are 65,5 x 269 cm.

Mini buying guide:

If you need to promote your business in **outdoor or trade fair contexts**, a **feather flag** like the H738_174 represents a strategic choice: it guarantees **vertical visibility**, takes up little space and is quickly assembled.

Check that the **overall height** is suitable for the installation environment (in this case 3045 mm) and that the **structure is flexible but stable**.

The **fabric material** and the **printing quality** are key elements for durability and visual impact.

Finally, always consider the **ballastable base** if you plan outdoor use.

Advertising feather flag, outdoor promotional flag, fiberglass dye-sublimation print flag, flexible fiberglass pole, wind-resistant custom flag, flag with ballastable base, outdoor advertising support, flag for events and fairs.
