

File and folder trolley h789_09

Document and folder distribution trolley with double handle. Color: Ral 7035 grey. Dimensions: W.90 x D.40 x h.100 cm.

File and folder trolley for transporting documents within public facilities, offices and courts. The trolley is made of heavy-duty **sheet steel**, paneled on 3 sides and supplied with 2 support shelves. It features a **double handle** in tubular steel that facilitates movement. The reinforced structure is designed to support the weight of a number of files depending on the size of the trolley itself. The trolley features 4 solid rubber wheels, 2 fixed and 2 swivel with brake. This product is the perfect aid for having documents always at hand.
