

Filing cabinet with sliding doors h283_51

Metal office cabinet 2 sliding doors. Dimensions: W.150xD.45xH.200 cm

Filing and office cabinet with sliding doors. Supporting structure made of first-choice **sheet steel**, press-bent and adequately reinforced, thickness 8/10. The scratch-resistant epoxy powder coating is applied after a micro-phosphating process with passivating neutralization. Drying takes place in a thermal tunnel with heat progression (180°C) and controlled temperature.

Sliding doors in sheet steel reinforced at the top. The doors slide in the top guides by means of galvanized brackets with nylon-coated ball bearings. **Recessed handles** in plastic material. **Stop buffer** that prevents the doors from overlapping. Material supplied disassembled and packed in cardboard boxes.

Technical features:

- Material: Sheet steel
- N. 2 compartments
- N. 2 sliding doors
- N. 4 adjustable internal shelves designed for hanging folders
- Galvanized steel shelf adjustment hooks
- Cylinder lock with key
- Color: Gray RAL 7035
- Dimensions: W.105xD.45xH.200 cm
- Weight: approx. 102 kg
