

## Filing cabinet with sliding doors h796\_19

Steel office cabinet (150x45x200 cm) with 2 sliding doors, 8 adjustable shelves and rounded edges for professional archiving. This **office cabinet** is designed to ensure a rational and secure organization of documents and consumables in professional contexts such as architectural studios, administrative offices, and school secretariats. The supporting structure, made of **high-quality steel sheet** with high resistance, is treated with non-toxic epoxy powder coatings for long-lasting durability. The **2 sliding doors** closing system allows immediate access to the content while reducing frontal space requirements to zero during opening, a fundamental feature for installation in corridors or offices with limited space. Operator safety is guaranteed by a design with **rounded edges** to prevent trauma.
