

Fire-retardant chair with writing tablet h17733

Fire-retardant meeting room chair equipped with a writing tablet. Chrome frame and shell available in various colors.

Fire-retardant chair ideal for placement in hotel meeting rooms, offices, or various institutes, to organize conferences, meetings, training courses, and seminars.

The chair structure features a **chrome finish** and a high-resistance **Ø 18 mm tube**.

The **shell** of the chair is made of **plastic material** and is available in **different colors** to meet various furnishing needs.

The presence of the **plastic writing tablet** allows conference participants to take notes or place small objects on it during the event.

Once the event is over, it is possible to **stack** the chairs to minimize storage space.

Technical features:

- Tube structure Ø 18 mm
