

Fire-retardant veterinary radiographic table h930_96

2-column fire-retardant veterinary radiographic table. Tilting top in radiolucent HPL (160x65 cm). Dry-running drawer, 200kg capacity.

The **fire-retardant veterinary radiographic table h930_96** is a high-performance diagnostic station designed for veterinary clinics, animal hospitals, and diagnostic imaging centers. This device solves operational issues related to lifting and immobilizing bariatric patients thanks to the use of two robust lifting columns and a tilting top, facilitating correct clinical positioning. The 8 mm HPL work surface, totally radiolucent, prevents the formation of visual artifacts during X-ray acquisition. Furthermore, the integration of a mobile drawer for the detector equipped with a modern dry-running linear guide system eliminates metallic noise and jamming, ensuring a calm environment for the animal and reducing mechanical maintenance needs for the medical staff.

Technical characteristics

- **Model:** h930_96
- **Structure:** Steel with scratch-resistant and chip-resistant powder coating
- **Work surface:** HPL laminate plate (8 mm thick) or alternatively polycarbonate, completely transparent to X-rays
- **HPL top properties:** Extremely high resistance to mechanical damage, strong chemical and biological resistance, 100% waterproof to moisture and steam, fire-retardant (class Cs1, d0)
- **Lifting system:** Two load-bearing columns with height adjustment and tilting top
- **Mobile drawer:** Dimensions 60x65x3 cm, equipped with non-slip mat, for housing X-ray cassette or detector
- **Drawer guide system:** Grease-free linear guides ("sliding instead of rolling") made of high-performance polymers and anti-corrosion materials
- **Sliding system properties:** Maintenance-free dry operation, insensitive to dirt, water, chemicals, heat or shocks, particularly silent operation
- **Mobility:** Swivel wheels with a diameter of 16 cm
- **Total length:** 167 cm
- **Total width:** 72 cm
- **Maximum top dimensions:** 160 x 65 cm
- **Height:** Adjustable from 69 cm to 111 cm
- **Allowable load:** 200 kg
- **Total weight:** 112 kg

INFORMATION

- **Strengths** With sliding drawer
- **Type Height** Adjustable height

Fire-retardant veterinary radiographic table h930_96

Fire-retardant veterinary radiographic table h930_96

Strengths: With sliding drawer
Type Height: Adjustable height
