

First aid backpack h667_07

Spacious and easy-to-carry emergency backpack. Dimensions: W19 x D38 x H56 cm.

Emergency backpack ideal for use during sporting events or excursions, where accidents requiring extra-hospital rescue may occur. Thanks to it, it is possible to transport a medium-sized AED and other equipment necessary for first aid operations anywhere. Designed to ensure **practical and comfortable transport** thanks to the presence of a **top handle and shoulder straps**. Equipped with **reflective strips** to increase visibility both day and night.

Technical features:

- Dimensions: W19 x D38 x H56 cm
- Sufficient space for medium-sized AED and first aid kits
- Lightweight and compact
- Flexible storage solutions
- With reflective strips
